

Noise Questionnaire

To assist us making a fast and accurate diagnosis of your vehicle's condition, we ask that you check the following noise which best describes your vehicle.

- Whine** ~ A high-pitched sound, like an electric motor or drill.
- Clunk** ~ A metal-to-metal sound, like a hammer striking steel.
- Growl** ~ A low sound, like your driving over cobblestone or "wake up" grooves on the highway.
- Click** ~ A light sound, like a ballpoint pen being clicked.
- Rattle** ~ A sound like marbles rolling around in a can.
- Grind** ~ An abrasive sound, like a grinding stone.
- Knock** ~ Like a knock on a door.
- Hiss** ~ Like air escaping from a balloon.
- Hum** ~ Like a wire humming in the wind.
- Squeal** ~ A high-pitched sound, like fingernails across a chalkboard.
- Squeak** ~ A sound like rubbing a clean window.
- Boom** ~ A sound like a drum roll or distant thunder.

Please describe where and when the noise occurs:

Internal Use - Service advisor will fill out below.
